SALT SPRING and SOUTHERN GULF ISLANDS COMMUNITY SERVICES SOCIETY

Annual Report
2006-07

MESSAGE FROM THE BOARD

We have had another great year of growth and achievement. We have passed accreditation with flying colours; we have taken on the Murakami Gardens Community Housing project, with very evident results; we have successfully renegotiated our recycling contract with the CRD; we have brought the Core Inn Youth Project into our Youth Services. And, of course, we have maintained all the other services to the community that we have delivered for many years.

Congratulations and many, many thanks go to hard working staff, volunteers and Board. We have maintained noteworthy stability in all those three groups, which is a great credit to the spirit and morale in our organization.

We are looking forward to another exciting year, but sadly, it will be without two of our stalwart staff members, who are leaving us for retirement. Paul Gregory and Roberta Hornsey, we wish you all the very best in the future! You will be sorely missed.

Boodie Arnott
Board Chair

EXECUTIVE DIRECTOR'S MESSAGE

Thanks to board, staff and volunteers for contributing to another busy and productive year at SSICS. We were able to "keep our feet on the ground" as evidenced by achieving accreditation, and our "head in the clouds" as evidenced by new initiatives ranging from housing to gardening. It takes a cohesive team to pull this off, which make these accomplishments all the more satisfying!

Highlights of the past year include:

- Creation of a Volunteer Coordinator position to work across all service areas to recruit and support volunteers.
- Expansion of youth services to include enhanced mental health services, specific services to Phoenix High, a new youth outreach service, and taking on the operation of the Core Inn Youth Project.
- Accreditation by CARF. We achieved a 3 year accreditation-the highest level granted.
- A collective agreement for employees that will take us to 2010 and provided wage increases and a signing bonus to employees.
- Community housing, including the construction of Murakami Gardens Community Housing project, acquisition of 5 acres of land for future development, and the creation of a Community Housing Manager portfolio
- Taking on the Community Living summer programme for children and youth with special needs, formerly operated by GIFTS.
- *Let's Do Lunch* hot lunch programme supported by Auntie Pesto's Restaurant.
- Community Garden Project to transform the lower part of the SSICS main site into a permaculture demonstration food garden.

For the second year community feedback has praised SSICS on quality service and respectful staff, and urged us to improve access to and information about our services. On behalf of all staff I will say that we hear you loud and clear and are rolling up our sleeves to attend to those concerns in the upcoming year.

Rob Grant
Executive Director
