There's an App for that!

[My3 – Support Network](#)

This is an app created to help you stay safe when you are having thoughts of suicide. It lets you program in your contacts for 3 people in your Circle of Care, as well as access 911 easily. It also helps you create and pull up your customized safety plan in times of need. It is free of charge through Apple App Store or Google Play. You can find more information about it at my3app.org

[Mind Shift](#)

Anxiety BC has an app called “Mind Shift” and it is designed to “help you learn how to relax, develop more helpful ways of thinking, and identify active steps that will help you take charge of your anxiety.” It is free of charge through Apple App Store or Google Play. You can find more information about it at my3app.org or anxietybc.com/resources/mindshift-app

[ReachOut](#)

Links to lots of cool apps, as well as a tool called “Take the Quiz” that helps you sort through some of the apps out there to find ones that might be right for you and your goals. Click on “The Toolbox” tab at the top of the page to look at the apps they recommend. au.reachout.com

[Booster Buddy](#)

A free app for teens and young adults to improve their mental health. A sidekick guides you through daily quests to establish and sustain good habits.

Going to Lady Minto Hospital for Help

If you, your child, or someone you care about needs help coping with a mental health emergency you can go to Lady Minto Hospital as you would for any other emergency. These are real concerns and the Emergency Room team can help you with them.

Please do not let the following stop you from going to the ER or seeking help:

- Shame
- Being concerned your issue isn't serious enough
- Worrying that if it's not a physical issue it's not an ER issue
- Thinking people will judge or think you're a bad person
- Being concerned others will think you (youth/parent) are not strong enough

If you're not sure you want to go to Emergency, or want to phone, you can call (250) 538-4800. The hospital admitting clerks will answer your call during the weekdays and the nursing station will answer your call during off-hours.
